

# Avigilon News Q1 2020

## Product Updates

### Avigilon Control Center (ACC) 7.4 Software Available For Download

New features include:

- **Face Recognition:** ACC<sup>TM</sup> software will incorporate face recognition technology to help users quickly and reliably identify and monitor people of interest with matches intuitively displayed as notifications in our FoA interface.
- **ONVIF G Support:** Ability to recover footage from the SD card of Profile G cameras in the event of a network failure.
- **New Web Client:** A new web client to remotely and securely stream live and recorded video to a Chrome or Safari web browser from ACC sites protected behind a firewall.
