

AX PRO SERIES WIRELESS ALARM SYSTEM SIMPLICITY THROUGH INNOVATION

Completely app-driven, and featuring a wide range of on-demand products, the AX PRO wireless alarm system now is for your choice.

CORE TECHNOLOGIES

IVaaS

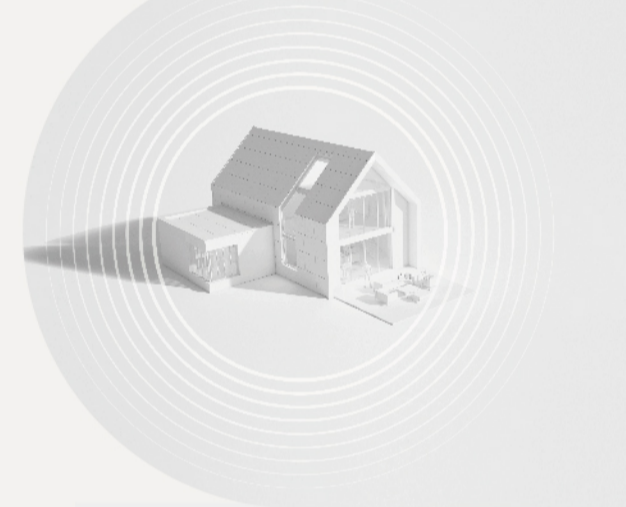

(Intruder Verification as a Service)

With IVaaS, a 7s video and GIF imaging can be received via Hik-Connect or by Email for timely verification when alarm triggered.

Tri-X & CAM-X Wireless Technology

Fast, reliable and secure, our powerful Tri-X and CAM-X Wireless Technology deliver the next level of security.
