Audio made smart & easy.
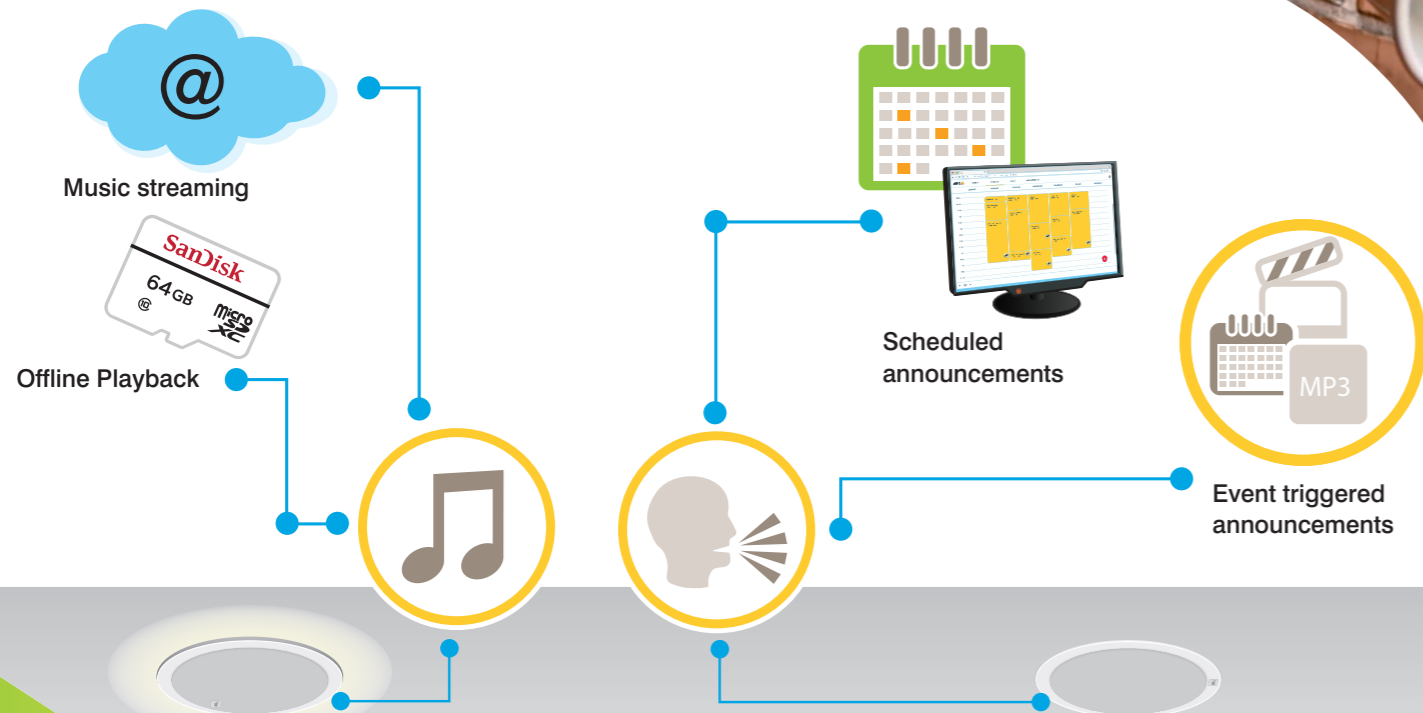

AXIS Audio Player and Network Speakers

Designed for 24/7 operation, AXIS Audio Player plays background music and recorded or triggered announcements.

AXIS Audio Player lets you schedule your own playlists throughout the week with handpicked music and announcements.

Thanks to Axis' open platform, you can easily build your own audio application, now and tomorrow.

AXIS C1004-E Network Cabinet Speaker

AXIS C3003-E Network Horn Speaker

AXIS C2005 Network Ceiling Speaker

Axis network speakers are complete high-quality audio systems in a single unit. And because they're based on open standards, they're easy to integrate with other systems. Our ceiling and cabinet speakers are perfect for public address system and background music in stores and other settings, such as schools. And with our horn speaker you have a cost-efficient way to deter crime by complementing your video surveillance solution in outdoor settings.
