GET READY FOR

# REMARKABLE PERFORMANCE

Milestone Husky™ X series Network Video Recorders  
Built to perform with XProtect®

MILESTONE HUSKY™  
X SERIES

# EXPLOSIVE FLEXIBILITY

A range of flexible network video recorders designed by Milestone for XProtect® VMS.

With its dedicated hardware design, carefully selected components and the use of hardware accelerated video decoding, the Husky X series

complements our existing range of Husky NVRs and unlocks the full potential of Milestone XProtect VMS.

**The result?**  
Remarkable performance and low total cost of ownership.

MILESTONE HUSKY™  
X SERIES

# EXPAND YOUR CAPABILITY

#### Customizable

Choose between different product variants, storage sizes and XProtect VMS version.

#### Flexible

Install and use in a variety of ways to match the operational needs.

#### Scalable

Expand the system with more cameras and unlock new VMS functions through a simple license change.

#### Freedom of choice

With the freedom to select barebone variants and storage sizes, the Milestone Husky X series of NVRs can be customized to meet any need in terms of camera capacity and video retention time.

#### Deployment flexibility

The Milestone Husky X series NVRs offer great deployment flexibility as the units can be used in stand-alone NVR installations, in centrally managed multi-unit installations or as recording servers in larger XProtect-powered VMS systems.

All Milestone Husky X series NVRs come with pre-installed market-leading XProtect VMS. Customers can freely select the version of the XProtect VMS software that meets their needs.

#### Three year warranty

Milestone Husky X series NVRs come with a **three-year hardware warranty**. Full license portability makes it easy to expand an existing system with additional cameras or NVRs. It also helps customers protect their investment in XProtect VMS, as the XProtect licenses can be reused on new server hardware as your Milestone Husky X series NVRs reach their end-of-life.

MILESTONE HUSKY™

The Milestone Husky™ X2

**EVERYTHING  
NEEDED TO  
START RIGHT**

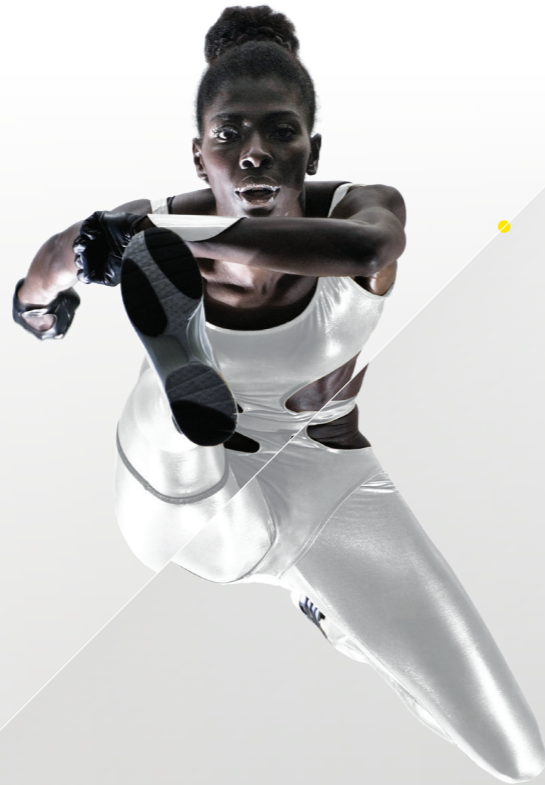

ALL YOU NEED TO GET GOING

PLUG-N-PLAY

LOW TOTAL COST OF OWNERSHIP

A network video recorder for the **small- to mid-market**

- Comes with pre-installed XProtect VMS, allowing everyone to start right with XProtect Essential+, supporting up to 8 cameras – free of charge.
- Offers a true plug-n-play experience with its built-in PoE switch and input/output panel, where cameras and alarm devices can easily be connected without requiring additional equipment.
- Its efficient Intel i3 Skylake CPU, onboard GPU and Western Digital Purple™ surveillance hard disk drives make the most of the XProtect VMS software, while it's verified to support more than 550 Mbit/s continuous recording.

MILESTONE HUSKY™  
**X8**

The Milestone Husky™ X8

**EXTREME  
RELIABILITY**

MARKET'S HIGHEST PERFORMING NVR

EXTREME RELIABILITY

EXTENDABLE STORAGE

A network video recorder for the **high-end market**

- With its powerful Intel® Xeon® E3 CPU the unit offers a proven capacity of more than 300 cameras\* with server-side motion detection, using hardware accelerated video processing on the built-in Intel® Iris™ Pro GPU.
- Designed to provide extreme reliability with component, storage and application redundancy, ensuring continuous uninterrupted operation.
- The unit supports eight Western Digital Purple™ HDD with up to 80TB of total raw storage, which can be extended with external SAN storage connected via high speed iSCSI or FCoE connections.

\* 720P @ 25 FPS, 2 Mbit/s

## About Milestone Systems

Milestone Systems is a leading provider of open platform video management software; technology that helps the world see how to ensure safety, protect assets and increase business efficiency.

Milestone enables an open platform community that drives collaboration and innovation in the development and use of network video technology, with reliable and scalable solutions that are proven in more than 150,000 sites worldwide.

Founded in 1998, Milestone is a stand-alone company in the Canon Group.
