

# Dual Thermal Technology

Automatic Temperature Alarms • Process Monitoring • Damage Prevention

Thermal image overlay

Thermal Radiometry (TR)

- **Thermal Resolution**  
Equivalent to 0.05 °C, range -40 to +550 °C
- **Temperature Alarms**  
Up to 20 different automatic temperature events
- **Hot Spot Analysis**  
With thermal image overlay
- **Works in complete Darkness**  
with thermal image/  
MxActivitySensor
- **Lowest Energy Bill**  
Power consumption below 6W,  
standard PoE
- **Virtually Maintenance-Free**  
Weatherproof, IP66, -30 to +60 °C
