Available colours: ◯ White ⬤ Black

Internal or external version available

Extensively Tested
Meets High Industry Standards

- Certified to work with fire doors – FD30 and FD60
- EN179 compliant
- Impact resistance rated – IK10
- Suitable for external facing doors – IP55
- Guaranteed quality and built to last – 5-year guarantee

Universal Design
Suitable for a Range of Sites

- Standalone operation for use on sites not requiring the additional functionality of an online system
- Alternatively, use seamlessly with a Net2 networked system for additional reporting features and centralised management
- Flexible upgrade path from standalone to networked, allowing your system to grow to suit your needs

Time and Energy Efficient
Easy to Maintain

- Goes into sleep mode when not in use in order to preserve battery life
- Online monitoring of events and battery status – alerts via email and SMS

Stylish Look and Feel
Modern, Contemporary Design

- Smart and compact
- Aesthetic design to suit modern interiors
- Anti-scratch fascia to maintain a quality look and feel
