Ruijie Reyee RSE 2-Day Training Course

Course Ran By:

Mayur Kakadiya
Ruijie Reyee Network Engineer

Location:

Mayflex
Excel House,
Junction Six Ind Park,
Electric Avenue, Witton,
Birmingham B6 7JJ

Lunch and refreshments will be provided.

Please indicate any specific dietary requirements when registering for the course.

Date & Time:

**Wednesday 11th –
Thursday 12th December**
10am to 4pm each day

The Course:

There is no specific knowledge pre-requisites for attending this **FREE** course, just a basic knowledge of networking devices.

The course covers configuration and technical insights for Ruijie Reyee Routers, Switches, Access Points and Ruijie Cloud. Enter the world of cloud deploying network devices and gain the skills that will allow you to leverage your time in the best way possible.

Attendees will gain a good understanding of Ruijie Reyee products, covering configuration skills, troubleshooting and best practices for deploying Ruijie Reyee network products.

Upon completing the course, participants will earn a Ruijie Reyee Product Training certificate. More importantly attendees will gain in-depth product knowledge, product configuration skills and how best to create cost effective solutions for clients.

Products that you will be able to see in the demo case:

- 1 X RG-RAP2266 - ceiling access point
- 1 X RG-EG105-V2 4x LAN Ports Cloud Router
- 1 X RG-ES206GC-P - 4 Port POE+ switch with 2 x uplinks

Topics covered:

- Overview of products
- Ruijie Cloud
- SON (Self Organising Network) Principles
- VLAN
- DHCP Protocol
- DHCP Snooping
- Loop Prevention
- Voice VLAN
- IPSec VPN
- WLAN Security
- Wi-Fi Optimization principles
- And more...

Value Added Benefits from Mayflex:

Why not take up the opportunity to attend this free 2-day workshop and gain valuable product knowledge and technical insights and then sign up to the VAD (Value Added Distributor) program with Mayflex and gain even more benefits whilst on your product installation journey with Ruijie Reyee products.

What you can get:

- Extended warranties on Ruijie/Reyee devices – limited lifetime warranty*
- Customer service - Free 30 days 'no quibble' returns*
- First class pre/post-sales support on Ruijie/Reyee products
- Assistance with both Internal Wi-Fi design and External point to point solutions
- Excellent Technical Support from both Mayflex and direct with Ruijie
- Customer service – assistance with RMA's if required
- Ruijie Pre-Config Service available - assistance to get your installations up and running quicker.

* When signed up as VAD – these extra benefits are unlocked for you as a Mayflex customer

On completion of the training, you will undertake the RSE examination and if successful gain the Ruijie Specialist Engineer (For Reyee) certification.

Note: Should you not pass initially, you have two further attempts, which must be completed within a three-week period. If all three attempts are unsuccessful, a retake of the training is required before taking the exam again.

Contact the Mayflex sales team on **0800 75 75 65** or email **sales@mayflex.com** for all your Ruijie and Reyee requirements.
